SUMMARY

Creative Multimedia Computing student with hands-on experience in UI/UX design, digital content creation, and interactive media development. Skilled in Figma, Blender, and Unity, with a strong passion for designing engaging digital experiences, visual content, and creative media production for modern audiences.

WORK EXPERIENCE

IT Networking Intern | Universiti Teknikal Malaysia Melaka (UTeM)

08/2022-12/2022

- Configured, maintained, and deployed network hardware (routers, switches, access points) across campus.
- Troubleshooted LAN/Wi-Fi connectivity issues and provided technical support for infrastructure.
- Collaborated with senior engineers to document network topologies, IP schemes, and system configurations.

Sales Specialist / Retail Worker | Gadget Store (Xiaomi/Redmi)

03/2023-09/2023

- Provided technical advice on Xiaomi/Redmi ecosystems, driving sales targets and promoting store offers.
- Identified customer needs, managed stock inventory, and resolved client hardware/software inquiries.
- Maintained up-to-date knowledge of mobile, smart home, and IoT consumer technology.

EDUCATION

Bachelor of Computer Science (Multimedia Computing) with Honours

Expected Graduation: 2027

Universiti Tun Hussein Onn Malaysia

- Degree: Bachelor of Computer Science (Multimedia Computing) with Honours
- Key Coursework: UI/UX Design, Multimedia Development, IoT Hardware Integration, Computer Networks.
- Final Year Project: Developing "Ngopi", an interactive Augmented Reality (AR) mobile app using Unity, Blender, Figma, and VS Code.

Diploma In Networking Technology

Dec 2019 - Dec 2022

Politeknik Muadzam Shah

- Diploma: Diploma in Networking Technology.
- Key Project: Developed "The 3rd Eye", an IoT-enabled smart walking stick utilizing ultrasonic sensors for obstacle detection.

ADDITIONAL INFORMATION

- Design & Prototyping: UI/UX Design, Figma, Wireframing, Mobile & Web Application Design
- Multimedia & 3D Assets: Unity, Blender, Augmented Reality (AR), Virtual Reality (VR), VS Code
- Networking & IT: Cisco Switches/Routers, Packet Tracer, Wireshark, LAN Cabling, Firebase, VS Code
- Languages: English (Fluent), Malay (Native)
